**FOR IMMEDIATE RELEASE**

### Fagor America Presents New Electric Multi-Cooker

**A versatile Electric 3-in-1 pressure cooker, slow cooker and rice cooker that adapts to your cooking needs.**

Lyndhurst, NJ - Fagor America, a leader in the pressure cooker category is launching a New stainless steel Electric Multi-Cooker. The new 6 quart Electric Multi-Cooker is a pressure cooker, slow cooker and rice cooker all in one. The 3-in-1 multi-cooker offers maximum convenience of one-pot meals: decreases the amount of time spent doing dishes since there's only one non-stick pot, reduces the need for different small appliances, and makes cooking an easier experience. The electric multi-cooker simplifies life in the kitchen.

The versatile 3-in-1 electric cooker can be used as a pressure cooker to prepare a multitude of quick and delicious meals. Cooking under pressure is the healthiest way to cook as it retains the minerals and

vitamins. Food will maintain its natural color and flavor, while cooking your meals in up to 70% less time. Cooking in less time also translates to less energy used becoming an efficient kitchen tool. With pressure cooking the cooking possibilities are endless; from appetizers to entrées and even desserts. Hearty soups, stews, chili, and cheesecake are but a few of the many recipes that you can savor with your guests. The pressure cooking function offers a choice of two pressure settings, high (9psi) and low (5psi), to accommodate even the most delicate of foods.

The rice cooking program prepares anything from sushi rice to delicious rice pudding. *The automatic rice-cooking program steams your favorite rice recipes to perfection with just a touch of a button.* Add the ingredients, close the lid and press the rice cooking button. Your rice will be steamed and ready to enjoy in just 6 minutes. Perfect rice dishes every time.

The traditional slow cooker offers flexible programming up to 9.5 hours. Enjoy the tender taste of a savory, succulent slow cooked meal at the end of a busy day. Simply assemble your meal in the morning and forget about it until dinner time. Your home will be infused with the fabulous aroma of home cooking. Add a salad or warm bread for mouth-watering meals every night.

It also features a brown and warm function for truly one-pot-cooking. The self-locking lid comes with an automatic pressure release setting, and will not open while there is pressure inside the cooker for safety and convenience. The six quart removable cooking pot is dishwasher safe and non-stick coated for easy clean up. The chic brushed stainless steel design comes with soft-touch controls buttons, two independent pressure control valves and anti-overheating protection for added security. Complete with a booklet of 40 delicious recipes that is guaranteed to please all palates.

Suggested Retail Price for the new electric multi-cooker is \$119.99 USD and is available at [www.amazon.com](http://www.amazon.com) and [www.cookwaressentials.com](http://www.cookwaressentials.com).
